
CAU’s **Learning Gift** meets that challenge. It helps someone you love — significant other, son or daughter, grandchild, dear friend — to travel the world on a CAU study tour or to enjoy a week of intellectual engagement and great fun on the Cornell campus.

To give the Learning Gift to someone, just fill out the order form below. As soon as we receive it, we’ll put our calligrapher to work, preparing and mailing to your recipient(s) a handsomely designed gift certificate — in the amount you choose — to attend a CAU study tour or on-campus program. Better still, we won’t bill you for the gift until your recipient uses it.

You may mail the order form to the CAU office (B20 Day Hall, Cornell University, Ithaca, NY 14853) or fax it to us at 607.255.9697. If you have questions, please call our office at 607.255.6260 and speak with one of our dedicated CAU staff members.

---

**The Learning Gift Order Form**

Your name(s): ____________________________________________________________

Your daytime phone: (____)________________________ Cellphone: (____)________________________ E-mail: ________________________________

Address (street, city, state, zip): ______________________________________________________________________________________

Amount of gift certificate: ___________________________ Date of occasion: ___________________________

Recipient name(s): ____________________________________________________________________________________________

Recipient(s) address: ______________________________________________________________________________________________

Recipient daytime phone: (____)_________________________ Recipient cellphone: (____)________________________

Message and/or occasion: __________________________________________________________________________________________

---

**Note:** No payment is due until the certificate is redeemed. We’ll send you a copy of this form for your records. You’ll receive a bill from CAU at the time the certificate is used. CAU will send the recipient details concerning the use of the certificate.

*Research by Cornell psychology professor and CAU faculty leader Thomas Gilovich and colleagues shows that spending money on experiences, rather than things, leads to greater happiness, gratitude, and generosity.*
