There was a time
When everyone felt like strangers to me
There was a time
When walking to class felt so lonely
There was a time
When my roommate would say “hey, I forgot your name”
But then things changed for the better
Mmmmm yeah
Having fun seems like nothing at all

[Chorus]
Can’t believe when I’m here
All of my problems are cleared
You guys will never
Fade away fade away
Can’t believe it’s all done
But the love will never be gone
This place is too cool for school
Cornell I love you
There was a time
When everyone seems to look weird at me
There was a time
When the gorges looked so dirty
There was a time
When the girls here look so pretty
Oh wait, that’s still true.
I wrote this song when there’s an exam
The next morning
Very soon I’ll be flying back to China
And some of you to California

[Chorus]
